## ACCESSORIES & OPTIONS FOR DASHBOARD PODS

- All our dashboard pods are vehicle specific and custom built to suit each customer's radios and accessories. Most dash pods have been designed to fit the vehicle using Velcro tape (no holes to drill !)  
To calculate the cost of your dashboard pod, simply add the option prices listed on the following pages to the dash pod base starting price.

Nissan GU Patrol 2005 Update Dashboard Pod  
(Vacuum Formed Finish)

### Mounting Radio's

A Dashboard pod is an ideal place to mount radios as the radios are easy to see and operate, both for the driver and passenger. Most of our pods have been designed to fit up to two radios.

\* Cost \$20 to cut each radio hole or \$40 to cut the hole and fit your radio to the pod.

Toyota Landcruiser 100 Series 8/02 and on, round face  
Dashboard Pod (Sewn Vinyl Cover)

### Mounting Accessories

Dashboard pods are also ideal for mounting other accessories such as gauges, switches or providing a fascia panel to mount GPS navigation systems

\* Cost \$7.50 to cut each switch / gauge hole or \$12 to cut the hole and fit each switch / gauge to the pod.

Toyota Landcruiser 100 Series 8/02 & on, flat face Dashboard Pod  
(Vacuum Formed Finish)

### Vacuum Formed Finish

In addition to the popular sewn vinyl upholstered finish on our dash pods is a superior option called a 'vacuum formed finish'. This is a foam backed, heat shrunk, one wrap (no seams) finish, very similar to the finish on your dashboard. This option is available in a range of colours to match your interior.

\* Cost \$60

### Extension Speakers

If your radio has an inbuilt speaker a GME extension speaker can be fitted to the dash pod.

\* Cost \$57

### Trays / Pockets

A deep pocket or shallow tray can be fitted to the top of the dash pod to provide extra storage space.

\* Cost \$56
