ACCESSORIES & OPTIONS FOR CENTRE ROOF CONSOLES

- All our centre roof consoles are vehicle specific and custom built to suit each customer's radio, lighting and storage requirements.
- To calculate the cost of your console, simply add the options prices listed on the following pages to the console base starting price.

Front Radio Housing

The shape of the front radio housing can be altered in size to suit your radio. Displayed is a shortened housing to suit a remote head radio.

* Cost \$20 to cut each radio hole

Storage Opening

A storage area can be added to any console. Displayed is a storage area with elasticised netting. These openings can be installed into one or both sides of the console.

* Cost with netting \$80 for 1 side or \$104 for both sides.

Nissan GU Patrol (ST) Stationwagon
Low Profile Centre Roof Console
with vacuum formed vinyl finish

Map Lights

Dual map lights can be fitted to any roof console. Lights are dual switched, adjustable and directional.

* Cost \$60 fitted to console.

Toyota Landcruiser 100 Series Advantage
and 8/02 & on GXL Centre Roof Console

Vacuum Formed Finish

In addition to the popular sewn vinyl and velour upholstered finishes on our centre roof consoles is a superior option called a 'vacuum formed finish'. This is a foam backed, heat shrunk, one wrap (no seams) finish similar to the finish on your dashboard. This option is available in a range of colours to match your interior.

* Cost \$140

Toyota Landcruiser 100 Series
Low Profile Centre Roof Console

Speaker Grills

A speaker grill can be fitted underneath the radio housing to allow the sound from your radio to travel through the console. Ideal for radios with bottom mounted speakers.

*Cost \$32

Alternatively a GME extension speaker can be fitted to the console for \$57

DVD/TV Screens

In most cases our console design can be modified to accept a DVD screen. Price depends on the console and the size of screen to be fitted. Please ask our sales staff for further information.

Effective September 2011
