Description	Quantity	Unit Price	GST	Amount AUD
Package 6: Focal Flax Evo 3-Way DSP- fully tuned 3-way front soundstage Package 6 is where the system moves from a conventional amplified stereo into a properly tuned high-end system. We upgrade the front stage to the Focal PS 165 F3E 3-way Flax Evo system. Instead of asking one woofer and one tweeter to reproduce almost the entire frequency range, a 3-way system introduces a dedicated midrange speaker. This allows each speaker to concentrate on a smaller part of the music. The result is improved vocal clarity, better separation between instruments and a soundstage that can be positioned much higher and wider across the front of the vehicle. Best suited to customers who spend a lot of time in their vehicle and want genuine high-fidelity sound, improved imaging and a properly tuned front soundstage.				
Car Consoles Front Premium Speaker Door Pods with ABS door pockets and integrated drink holder	1.00	785.00		785.00
Car Consoles 3-Way A-Pillar Speaker Pods	1.00	640.00		640.00
We mount the midrange and tweeter into our vehicle-specific 3-Way A-Pillar Speaker Pods, placing these important frequencies much closer to ear level rather than leaving them low in the doors. Includes upholstery in light grey Alcantara (view website listing for upholstery options, including having the factory A-pillar upholstered in light grey Alcantara.				
Focal PS 165 F3E 6.5-inch 3-way Flax Evo front speakers	1.00	1,235.00		1,235.00
Car Consoles Rear Premium Speaker Door Pods	1.00	485.00		485.00

Description	Quantity	Unit Price	GST	Amount AUD
Focal PC 165 FE 6.5-inch Flax Evo rear coaxial speakers	1.00	595.00		595.00
MATCH UP 10DSP MK2 amplifier/DSP	1.00	1,950.00		1,950.00
Car Consoles Rear Wall Panel Subwoofer Enclosure	1.00	885.00		885.00
Focal Flax Evo P25FSE 10" Subwoofer	1.00	750.00		750.00
MATCH UP 1FX mono subwoofer amplifier	1.00	595.00		595.00

Focal Flax Evo speakers:

The PS 165 F3E is developed and made in France and combines Focal's Flax sandwich woofer with a dedicated compact midrange and TAM tweeter.

Flax Evo uses Focal's patented French flax cone technology. The cone is built around high-quality French flax fibre placed between thin layers of glass fibre, creating a lightweight and rigid structure designed to reproduce music with a natural, uncoloured character.

The Flax Evo speakers selected for this package are developed and made in France in Focal's workshops.

Focal Flax Evo Subwoofer:

The Focal P 25 FSE shallow 10-inch subwoofer is installed into our vehicle-specific rear wall enclosure, adding strong, controlled low-frequency performance without taking up unnecessary cabin space.

Its slim design makes it particularly well suited to the limited space behind the rear seat of the 79 Series Dual Cab, while the Flax cone provides a more refined and natural bass response that complements the rest of the system.

Need freight or installation?

The pricing shown is for supply only and does not include freight or installation.

Recommended head unit options:

For customers upgrading their head unit at the same time, we recommend either the Kenwood DDX920XDS or Kenwood DMX9724XDS.

The Kenwood DMX9724XDS can also be supplied pre-wired and pre-assembled for an additional charge, helping simplify installation and reduce the amount of wiring and assembly required in the vehicle.

Please get in touch if you would like us to add a head unit and the appropriate vehicle-specific installation components to your package.

Package pricing:

Get in touch if you're considering one of our packages. Depending on the final configuration, we may be able to offer package pricing.

TOTAL AUD	7,920.00
